><p>I ran around my room, getting everything ready for my date with my girlfriend. My name is Autumn, I'm 14, and my girlfriend is Night! she's my cousin. Anyways~, right now I am grabbing the last few things for my date, though it is a double date with my older brother, December, and his boyfriend, Arch.<p>

I walked up to my brother's door. "December you ready?" I asked. I looked at the door waiting for his answer. "Arch and Night are going to be here soon."

"_**Yeah, just a sec!_" he walked out of his room a second later. I smiled and we headed towards the stairs, we heard a knock at the door and then bolted down the stairs toward the door. I got there first and swung the door open.

"NIGHT!" I squealed and hugged my girlfriend tightly. Night chuckled and blushed a bit, hugging me back.

"_**Arch**_" December grinned and ran into his boyfriends out-stretched arms, hugging him tightly. They kissed and then parted when Arch asked, "Ready to go?" December and I nodded our heads, smiles stretching across our faces.

><p>The restaurant we are at is retro themed. It has a juke box, red leather booths and chairs, and a checkered patterned floor. As we sat down at one of the booths, a waitress walked up to us and took out a pad and pen. "Can I get you four something to drink?"<p>

"I'll have the Christmas shake~" I chirped

"I'll have a glass of water," Night said.

"And we'll both have root beers," Arch smiled. The waitress nodded and left to get our drinks. I started looking through the menu to find what I wanted, the others did as well. The waitress came back a little while later with our drinks, and then grabbed the pad and pen out again.

"What would you like to eat?"

"I want the double bacon cheeseburger, with lettuce, pickles and tomatoes, with fries." I handed her my menu when she finished writing down my order.

"I'll have the veggie burger." Night handed the waitress her menu.

"We'll have the cheese pizza." Arch and December handed her their menu's and she left. I turned to Night with a hopeful smile on my face.

"Do you have a quarter?" I asked.

"_**Why do you need a quarter?**_" Night handed me a quarter and instead of answering my brother I stood up and walked over to the Juke box. I put the quarter in and chose a song, I walked back over to our table, grabbed Night and pulled her to the open space they had for dancing. Night seemed nervous at first but then started dancing with me.

December and Arch soon joined us along with other people in the restaurant. When the song ended I gave Night a quick kiss on the lips and then we walked back to our table and sat down. The waitress brought us our food and we ate it happily.
